REVOCATION NOTICE

FEB 06 2009

NUMBER: NAO 205-13

DATE: _____

SUBJECT: INTERAGENCY REPORTS CLEARANCE AND REPORTING REQUIREMENTS

1. THIS TRANSMITS:

Revocation Notice for NOAA Administrative Order (NAO) 205-13, Interagency Reports Clearance and Reporting Requirements, dated April 19, 1991.

2. PURPOSE:

This Revocation Notice revokes NAO 205-13, Interagency Reports Clearance and Reporting Requirements. This NAO is no longer applicable as the requirement has been removed.

A final rule from the General Services Administration published in the *Federal Register* on January 19, 2005, stated:

“This final rule deletes from the Federal Management Regulation (FMR) the specific requirements of the Interagency Reports Management Program. GSA has determined that these requirements no longer serve a useful purpose, in view of the evolution of Federal records management practices affecting records creation and Federal policies that encourage agencies to share information electronically, when authorized by law and regulation, particularly as an alternative to collecting additional information from the public.”
