

SUBJECT: National Weather Service  
Name Change of West Coast/Alaska Tsunami Warning  
Center to the National Tsunami Warning Center

TO: Office of the Under Secretary  
Staff Offices of the Under Secretary  
Administrative Delivery Points

Effective May 30, 2013, the National Weather Service (NWS) has changed the name of the West Coast/Alaska TWC (Palmer) Alaska to the National Tsunami Warning Center (NTWC). The new name enhances understanding for all stakeholders.

The name change has no impact on the mission, organization, functional statements, budget or full-time equivalents of the unit.
