

Budget Operating Plans (BOPS) for New Users -- 2 days

The main objective is to focus specifically on the development of BOPs with hands-on exercises. This training session is intended for new users. Overviews of the ACCS, funds management, funds control, and cost accumulation are also provided. Users will also be shown the Budget Reports found in CFS and Data Warehouse.

Reimbursable Agreements for New Users -- 2 days

Provides detailed information for new users on business rules, forms, and procedures for processing reimbursable agreements and reimbursable sales/fixed fee projects. Focus is on recording/modifying reimbursable agreements in CBS, through demonstrations and hands-on exercises, and generating CBS reimbursable reports. An overview and demonstration of other available screens/processes in the CBS Reimbursable Agreements module and applicable Data Warehouse standard reports are also included.

Summary Level Transfers (SLT) & Detail Labor Adjustments (DLA) -- ½ day

Students are provided with an overview of the SLT process and current NOAA business rules. Hands-on exercises include the data entry screen, NOAA Business Violations & Error Report, and suggested email formats. The DLA process, including screens for single labor record and multiple record updates, and the appropriate emails will be discussed. Hands-on exercises covering the DLA process will be provided.

Data Warehouse & Quick Reports for New Users -- 1 day

Provides an understanding of the Data Warehouse concept and relationship to Core Financial system (CFS) to instruct new users on standard reports/query applications available within the NOAA Data Warehouse and the CFS Quick Reports. Training encompasses Data Warehouse access, use of the CBS Navigator menu, basic functionality, and utilization of report parameter screens through hands-on exercises for the DW standard reports related to Budget, Reimbursables, Transaction Activity, and Overhead Comparison. Also includes an overview of the Data Dictionary and FedEx report functionality.

Discoverer (FMC1) for New Users -- 1 day

Provides new users with an understanding of basic features of the Oracle Discoverer tool with an introduction to the workbooks available within the FMC business area. Discoverer is a query and analytical tool which expands Data Warehouse capabilities. This is a hands-on session which encompasses access to Oracle Discoverer, creating connections, opening workbooks/worksheets, sheet formats, changing table layout and sort order, formatting data, using parameters, pivoting rows and columns, drilling in and out of detail, and exporting/printing data. The class also reviews conditions, selected items, totals, calculations, percentages, and parameters applicable to workbooks.

Purchase Card -- ½ day sessions

am: Cardholder pm: Approving Official

Provides training to cardholders, group administrators, and approving officials on how to record, monitor, track, reconcile, approve, and control all activities related to bankcard transactions in the Commerce Purchase Card System.
